

Supercharge Your Accuracy— Without Increasing Labor Costs

Get RFID sensor-based tracking from Zebra and InThing and say goodbye to missing shipments, assets or inventory

Leveraging RFID technology for optimal efficiency is no longer optional—it’s the standard for staying competitive. Boost visibility, increase precision and reduce labor costs with Zebra and InThing RFID solutions.

Manage your chain of custody with 99.9% accuracy

Manufacturing

Increase kitting accuracy for fewer returns and greater customer satisfaction.

Warehouse

Reconcile incoming pallets automatically to save hours of work with every shipment.

Transportation and Logistics

Ship with 0% errors for satisfied customers and steady revenue.

Prevent thousands of dollars in asset loss

Retail

Leverage superior data analytics for more efficient loss prevention.

Libraries

Cycle count inventory rapidly with 99% accuracy for better resource visibility.

Find critical assets in seconds

Corporate Offices

Find missing IT assets quickly to reduce costly downtime.

Laboratory and Healthcare Facilities

Increase utilization and maintenance of specialized equipment or keep perfect track of samples and specimens.

Components of Greater Accuracy, Efficiency and Visibility

Create a custom solution or build incrementally to meet your business needs

RFID Printers

Print your own asset tags with Zebra's suite of versatile, rugged RFID printers.

Smart Labels

Use Zebra Certified Supplies to ensure trustworthy adhesion to any surface under any condition.

RFID Portals

Place RFID readers at strategic locations—such as dock doors—to record every time a tag enters or exits.

Handheld Readers

Manage exceptions or cover blind spots with handheld readers, which can read thousands of tags per second under optimal conditions.

InThing Visibility Solutions

Turn millions of data points into actionable insight with solutions designed for your unique challenges.
